Like a pilgrimage, Cursillo is for the faithful. It is not intended as a means to bring newcomers into faith. Participants in a Cursillo weekend should feel comfortable with Anglican ministry.

### Application to Attend Cursillo

Cursillo is a world-wide movement of the Anglican-Church. The Movement began in Spain within the Catholic Church in the late 1940's and has spread around the world. It was brought to Australia in 1979. It was introduced to Tasmania in 1995.

At Cursillo, there is an atmosphere of joy with singing, laughter, times of silence and reflection, Eucharist, talks, discussions, and creative activities interspersed with prayer.

Cursillo is a 'short course / experience in Christian living', but it doesn't end with the conclusion of the three days.

The experience is maintained through small regular group meetings, diocesan gatherings, and individual prayer and study, which focus on living out one's faith. Ask your sponsor about the post-Cursillo programme.
